

TRAINING PROGRAM

This program provides LGBTQ+ cultural competency training and establishes a common framework of understanding for leaders, staff, volunteers, and members. We provide training for businesses, service providers, nonprofits, and other groups.

WHAT THIS PROGRAM HAS TO OFFER:

- Training prepares participants to better serve LGBTQ+ people.
- Ideal for organizations seeking to create more inclusive workplaces and equitable services.
- Content is customized as needed and establishes a base foundation of understanding LGBTQ+ identities, concepts, and etiquette.
- Participants demonstrate an increased understanding of LGBTQ+ concepts and comfort with LGBTQ+ community members.
- We are happy to work with you to meet your specific training needs and goals.

PARTICIPANT QUOTE:

“I thought the presentation was really well done, especially within the available time frame; LGBTQ+ issues are understandably complex and I thought Michal did an excellent job in distilling things in a way that makes them more relevant and accessible to our staff.”
